

# Crochet Extra

106th Edition- December 2014/January 2015

Here in Yandina the builders have completed all the renovations, the painting has been completed and we are putting some finishing touches to the new premises. We have had a few minor hiccups with stock and filling orders, and remembering the new location for the yarn and accessories has at times been challenging. But overall the move went smoothly and the shelves are stocked, and the business is open and operating as usual

for phone, email and on-line orders.

Ray and Vicki were a tremendous help during this time with restocking shelves, setting out the stock for optimal use of the space and ensuring the business flowed smoothly during this transfer. I have received many well wishes for them from you all.

And a big thank you to those who have sent their best wishes to me for this new venture.

It is hard to believe the end of the year is almost upon us. Many of you I know have been busy crocheting your Christmas gifts, having purchased cottons and patterns for napkin rings, hanky edges coat-hanger covers, and towel toppers. And the tatters and lace-makers have also been busy creating table-runners and bookmarks. There will definitely be some beautiful gifts for friends and families this year. Others have been creating Christmas decorations for the tree and table. I myself had fun (and a challenge) completing the dinosaur in amamani puzzle in Dazzle for my nephew.

I wish you all the best for the festive season, and hope you keep your fingers busy while enjoying time with family and friends.

Lynda

**We will be shipping our last orders on 19 December, so plenty of time for your last gift ideas and we will be re-opening on Monday 12 January.**

## Theme of the month – Craft Gifts and Kits

By this time of year many of you have completed your hand-made gifts for your friends and family members. Now its time to think about treating yourself, or adding to your wish list, and gifts for your friends and family who are also fellow crafters. There are many novel items and kits that would appeal to almost everyone, maybe even giving them a chance to learn a new skill.

The first of these are the sets – these usually mean a better price as all items are pre-packed and ready to go. One of the most popular is the cotton handkerchief sets to crochet edges around. These are available in white or mixed colours, straight or scalloped edges, hemstitched or with folded edges. Match them with some cotton and/or pattern books to round out your gift. If you are stuck for colours of cotton, we have some pre-made kits containing 5 colours handkerchiefs and contrasting cottons to be used.

Other popular sets include the facewashers to crochet edges or hand towels to crochet tops and/or edges. These can also be matched with cotton and/or pattern books to round out your set.

Any crafter loves their tools, and another great gift idea are the crochet hook and needle sets – There are numerous to choose from – each offering a different combination of hook and needle sizes. Book and DVD sets are a good way of learning new techniques.

And of course all crafters could do with accessories, whether it be thread/yarn cutters, row counters, tote bags for holding tools/projects or thread holders. Some other great gift ideas are the looms, knitters and knook sets.

We've also available some pre-packaged packs that have all the materials needed. Take a look at our 'Look what we found' page for ideas that will bring hours of enjoyment.

If you are spoilt for choice, there's always a gift voucher to the value of your choosing.
