

## Customers Corner—March 2015

Here are some customer comments and masterpieces submitted by customers over the last quarter.

Send us a photo of your masterpiece (by email or on our facebook page—[www.facebook/crochetaustralia](http://www.facebook/crochetaustralia)), telling us which book it came from and which yarn or thread you used, and you could feature in a future edition of Crochet Extra.

### Janet — Landsborough, QLD

A rug made from 8ply Dazzle yarn, 12 squares by 12 squares, crocheted together. A friend made the board for keeping squares on during construction.

*The Board is a great idea to keep order for such a project. Dazzle acrylic comes in 45 colours, has a soft finish and is \$3.85 a ball.*

### Carley — Baldivis, WA

I received my order this morning and I am astounded by the quality of the thread (Lizbeth). It is honestly lovely and I will be ordering a lot more colours in the future.

*Lizbeth has an extensive colour range of over 200 colours, in sizes 10, 20, 40 and 80.*

### Julie — Naremburn, NSW

Made this vest from blocks (see close up) and granny squares for the back, from Dazzle acrylic yarn. The back pattern was also used in making a shawl with the leftover yarn.

### Louise — Tawonga, VIC

Hours of fun created for the kids with these hacky sacks and baubles – made from clever country 4 ply cotton.

### Lynda — Yandina, QLD

On a similar theme – these hacky sacks were made from dazzle acrylic. The insides were made from balloons filled with a mixture of rice and birdseed to make them nice and tough to kick around.

This jacket was made for baby Elise (my granddaughter), from Madame Tricote Perle #5. I loved the brilliant shade of crimson/pink I used as contrast, and so did her Mother. The cotton was wonderful to work with and the jacket held its shape very well.

*MT Perle has a shine to it and suits 4ply cotton patterns. It comes in 57 colours and is \$4.95 a ball.*

**Susan — Yandina, QLD**

Dish/jug cover made with Babylo #10 cotton with glass beads.

*Babylo comes in sizes 10, 20 and 30, is available in 39 colours and is \$5.80 a ball*

**Lynda — Yandina, QLD**

Dexter the Dinosaurs and Bruno the Lion made from Dazzle and other scrap yarns in my stash. From the book – Amamani Puzzle Balls. Great success with my son and nephew. The first one was a little tricky, but once I'd mastered the art, it was easy to make the second one.

**Alex — Richmond, VIC**

The threads (Fince, Cebelia & Almina) are lovely, and the parcel was well packed so they were in perfect condition. I look forward to buying from you again.

**Dianne — Gold Coast, QLD**

I bought two packets of the Susan Bates 5 Finishing needles last year and since I received them I have used them most days. It is so wonderful to be able to thread the yarn needles with the large eyes. None of them have broken. They work well also with thinner crochet threads and also are very useful for the plastic canvas embroidery. I would recommend them to anyone who has difficulty threading even larger needles for sewing up knitting and crochet projects. So thank you so much for buying them in for me and stocking them. They are really great.

*This pack of Finishing needles is \$8.95. We are temporarily out of stock, but should have a new delivery mid March.*

**Kay — Lara, VIC**

This is a photo of my first completed 5 inch doll costume from Itty Bitty Babies by Annies Attic. I made it in size 10 thread, the white is Altin Basak Maxi and the red is Cebelia. I am making a series of dress up costumes for my 5 year old niece. Some others are almost ready, it's just the hand-sewing to finish off that slows me down.

*879516 Itty Bitty Babies is \$13.70*

**Ashley — Brisbane, QLD**

The book I ordered arrived super fast, with great service .

**Lorraine — Noarlunga Centre, SA**

Thank you for the wonderful service on my order of Metallic Yarn. Excellent product, excellent packaging and speedy delivery. Happy to recommend you to any crochet lover.

*Excel Metallic Yarn comes in 16 vibrant colours, and is \$4.35 a ball.*
