Lizbeth® Twirlz™

A Designers Combination of Three Plyed Colors

#403

The Lizbeth Twirlz's 100% Egyptian cotton thread is a 6-ply Cordonnet, which means two threads are twisted together, then each 2-ply are dyed a different color, then three different color 2-plys are twisted together for a 6-ply Cordonnet. This gives the Lizbeth Twirlz's thread a unique look never seen in a 6-ply Cordonnet thread. Made in China.

#310

Colors 314-328 are not considered colorfast due to the dye process used.

Care: Liz Metallic is hand washable cool water or machine washable cool water, gentle cycle. Do not use bleach. It can also be tumble-dried on low setting. If ironing a finished piece do not iron directly on the thread; use a cloth, and do not use steam. The metallic is dyed so it could bleed during the first washing.

Note: Metallic isn't a natural fiber like cotton, size my differ per color. Color can also differ per dye lot. Made in China.
